

Classic Hose Trolley 60 TS Set

Commercial Reference: 8001-20
Article number: 966 62 07-01
EAN: 4078500800105

For medium to large gardens. Specially formed foot for high standing security. Innovative assembly of handles allows comfortable pulling with any body height. Space-saving storage through height-adjustable handle: Handle with hand protection. Angled hose connection prevents kinking of hose. Swivel axle prevents the connecting hose from turning when winding the main hose on or off the trolley. Anti-drip device prevents water spill after use. With folding, freewheeling crank handle. Smooth running profiled wheels. For significantly higher water flow, can be fitted to GARDENA Profi-System with Profi Maxi Flow System Tap Connector, Art. No. 2801. 4-colour display carton.
